# ***Hawaii FoodService Solutions***

HFS is a locally owned business that assists property management companies in the safe removal of used or abandoned restaurant equipment from commercial units previously occupied by food service operations.

We have expertise in removing:

- Hoods
- Walk in refrigeration & freezer units
- Safe disconnection of gas lines
- Ovens, ranges & flat tops
- Sinks, dishwashers and other items requiring plumbing services
- Cleaning of your commercial unit

Due to the changing environment, do not delay and contact us now. To assist you further, we will work with your tenants directly and coordinate in the equipment removal process from start to finish. All fees are negotiable so give us a call.

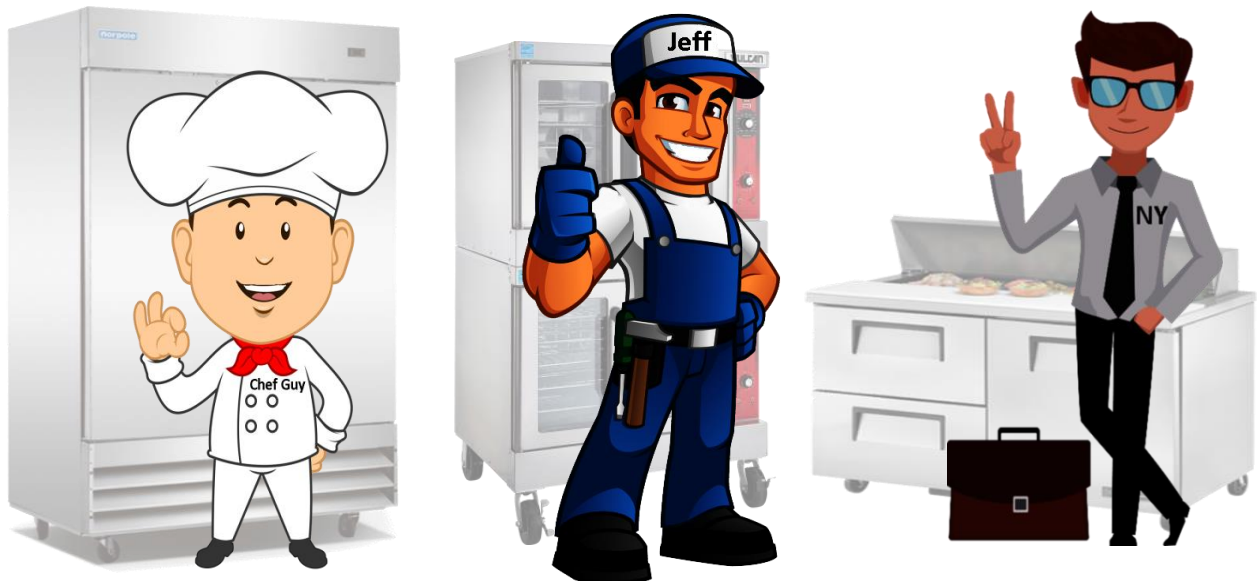

*Our primary focus is quality, service and customers!*

**WHO we are.** A Professional Local Chef, Equipment Service Expert & a Business Exec got together and started Hawaii FoodService Solutions to help operators in the Food Service Industry.

**WHAT we do.** HFS will safely remove and haul away used restaurant equipment from restaurants and food service facilities. If applicable we will refurbish and resell equipment to new food service operators.

**WHY we do it.** With more than 45 years of combined experience in the food industry, the trio of Partners are closely tied to both the industry and community. They have built strong relationships with local businesses and have lived the challenges of food service operations. Together, they found a way to assist food people to navigate changing times through renovation, downsize, moving, buying or disposing of restaurant equipment and in some cases close down.
